

# Confer SE

## Small Business Conferencing Bridge

## Confer SE Conference Bridge Features:

## Small Business Conferencing Bridge Features:

### Full Featured

Confer SE offers powerful features:

- **Built-in web server**, view status and configure with your browser
- **View names of attendees** in each conference room
  - after entering secure conference entry code, user enters PIN code (1-99)
  - PIN-associated Name (“Bill”, “Fred”, “Alice”, etc.,.) stored in server non-volatile memory (edit from Admin page)
- **Drop, mute, and unmute** port from Moderator Control page
- **View voice activity/mute status** of each port from Moderator Auto-Refresh page
- **View log** of all conference room activity through your browser

## Small Business Conferencing Bridge Features:

### Easy to Setup

Confer SE is easy to setup

- **plug your telecom cable** into the back Amphenol connector
- **plug your network cable** into the RJ-45 jack
- **go to 192.168.1.206** logon as adm (administrator)
  - set new IP address (if necessary)
  - set time/date
  - enter names for each PIN
  - enter lead number for your bridge
  - enter conf room entry code for each room
- **call into lead number**, enter conf entry code, enter PIN, you're done!

## Small Business Conferencing Bridge Features:

### Easy to Use

**Confer SE** is easy to use

- call into a **single lead number**
- enter the **conference entry code** followed by #
- enter your assigned **PIN** (1-99) followed by #
- **you're in the conference!**

## Small Business Conferencing Bridge Features:

Easy  
to  
Use

Confer SE is easy to use  
Conference Status, Control, Configuration, and Log  
accessed over the web

## Small Business Conferencing Bridge Features:

### Flexible Allocation of Ports

**Confer SE** requires no manual port allocation

- no **PBX** lead number **programming** required after the first initial setup
- **Confer SE automatically adapts** to changing conference room size
- Conference **size can grow/contract** automatically

## Small Business Conferencing Bridge Features:

### Secure

Having a **Confer SE** on-site at your premises puts you in control of your conferences

- **restrict access** to conferences with programmable conference room entry codes
  - **change them** before each new conference starts
  - up to **15 digits** long
  - keep unwanted callers **out** of your conferences
  - assign **PINs** to identify attendees in conference
